Future Endeavours

Peak Contracting Services Inc. is determined to provide a service of quality and efficiency in a safe manner to clients pursuing a complete offsite/onsite contractor. Our goal is to help the City of Calgary and adjacent municipalities grow in a manner that allows for developments completed without deficiencies. Our experience and commitment has allowed us the excellence to achieve this task. We are pursuing the following industries:

- Residential & Commercial offsite/onsite projects
- Small subdivisions.
- Municipal infrastructure development / capital works projects (reservoir & lift station yard piping).
